The purpose of this amendment is to revise the following:

- Section L.18 Proposal Preparation Instructions - Volume II – Technical and Management Proposal
- Attachment L-5, Offeror Past-Performance Reference Information Worksheet and Questionnaire.

Changes are **bolded** and underlined. All other sections of the RFP remain unchanged.

Criterion 4 – Past Performance (Written Proposal Information)

NOTE: Receipt of Past Performance information is due 60 days from RFP release.

The offeror shall provide past performance information for the prime contractor, teaming partner(s), and major subcontractor(s) that will perform major or critical aspects of the PWS. If the offeror proposes to perform any scope described in the PWS, by an entity(ies) other than itself, the offeror shall identify other entity(ies), sections of the PWS to be performed by that entity(ies), and provide relevant past performance of that entity(ies). The offeror bears the burden of demonstrating the acceptability of its past performance; therefore, the offeror is required to provide sufficient data for the Government to properly evaluate the past performance. If the offeror is a newly formed entity, the offeror shall provide the relevant experience information for each of the members of the Joint Venture, LLC, or any other teaming arrangement as described in FAR Subpart 9.6, Contractor Team Arrangements.

Information submitted under the past performance evaluation criterion shall correspond to and cross reference information submitted under the corporate experience evaluation criterion. The offeror shall identify contracts or projects that are most similar in terms of contract type, size, scope, and complexity to the PWS that are currently being performed or have been performed within the past **five (5) years**. Scope is defined as the type of work (e.g., facility S&M, facility D&D, waste management, groundwater remediation, soil remediation, or project support activities such as project control, ESH&Q, or regulatory). Complexity is defined as performance challenges (e.g., types of waste, nuclear and radioactive environment, or regulatory environment). Contracts or projects identified may include federal, state, and local Government and commercial customers.

The offeror shall submit the Section L Attachment, Offeror Past Performance Reference Information Worksheet and Questionnaire, with the proposal for each member of the offeror's team. The offeror shall send the Past Performance Letter and Questionnaire included in the Section L Attachment, Offeror Past Performance Reference Information Worksheet and Questionnaire, to the references for the projects/contracts submitted (provide to both the technical and contracting points of contact). The offerors should convey to its references that questionnaires should be submitted 60 days from RFP release. Offerors shall be responsible for ensuring that references complete and return Past Performance Questionnaires to the Government on time; Past Performance Questionnaire must be submitted directly from the reference to the government.

The offeror shall submit its ESH&Q past performance information for the year-to-date and the past five years required by Section L Attachment titled, ESH&Q Past Performance Indicators. One attachment shall be submitted for the offeror as well as for each major subcontractor and each member of joint ventures, LLC or other teaming arrangement newly formed for purposes of performing this contract, if any.

As past performance information is proprietary source selection information, the Government will only discuss past performance information directly with the prospective prime contractor, team member or subcontractor that is being reviewed. If there is a problem with a proposed subcontractor's or team member's past performance, the prime can be notified of a problem, but no details will be discussed without the subcontractor's permission.

Criterion 5 - Corporate Experience (Written Proposal Information)

NOTE: Receipt of Corporate Experience information is due 60 days from RFP release.

The offeror shall submit its relevant experience (e.g., contract type, size, scope, and complexity) similar to the work described in the PWS. The offeror shall provide specific examples of relevant experience, identified by team member when applicable. If the offeror proposes to have portions of the work identified in the PWS performed by an entity(ies) other than itself, the offeror shall provide the identity of the other entity(ies), the section(s) of the PWS to be performed by that entity(ies), and relevant information concerning the experience of the entity(ies).

The offeror shall provide examples of offeror's capability to perform the work described in the PWS, experience in problem-solving, experiences in working with stakeholders, Citizens Advisory Boards, and regulatory agencies at the state and federal level, and experience with the management and integration of regulatory requirements and agreements.

The offeror shall provide relevant experience information for those contracts specified above in past performance for the offeror, the offeror's team members, and other performing entity(ies). If the offeror is a newly formed entity, the offeror shall provide the relevant experience information for each of the members of the Joint Venture, LLC, or any other teaming arrangement as described in FAR Subpart 9.6, Contractor Team Arrangements. These contracts must have been **performed** within the last **five (5)** years **or are currently being performed**. The corporate experience information **must be from the same contracts** provided in the past performance information.

Attachment L-5, Offeror Past-Performance Reference Information Worksheet and Questionnaire, Instructions for Completing the Reference Information Worksheet are changed as follows:

Item 12. As requested in L.18**(b) Criterion 4**
